...God is up to something...August 2020

FARM HAITI IS GROWING

In July, we had an opportunity to purchase a 5+acre piece of land adjacent to our existing land. This new piece of land will more than double the size of our current land, enabling us to increase our demonstration gardens and training site for our Farming God's

Way method. We will also be able to plant many more vegetable gardens and trees that will give us greater opportunities to become more self-sufficient. One long term goal of this land is to build a training center. These are our goals, but God is beginning to reveal His plans for this land. When it's bigger than we can imagine, we know it's God! Stay tuned!

Feel good!

You donated to a GROWING cause, have a full belly, and got to hear testimony of God's goodness. Thank YOU!

All proceeds will be used to purchase batteries to store our solar energy.

Smiles abound!

Look at the pure joy on the faces of our hard working staff!! This is the first large vegetable harvest from our land.

One day's bounty

Papayas, carrots, bell peppers and leeks. Bringing much needed off-season produce to the market.

Hard work = great reward

The earth has yielded its produce; God, our God, blesses us. Psalm 67:6

WE CELEBRATE AND THANK YOU!

We couldn't be doing this work without you, our generous partners. And we want to CELEBRATE AND THANK YOU!!

With your help we were able to purchase a new 3-wheeler! We use it every day to carry supplies to the land, including the generator to pump the well. It hauls mulch and transports produce to the market. It's our mechanical work horse.

We've had many generous donations for the purchase of our land, including a \$2500 of matching funds offer. At this writing, we are 88% funded and need only \$580 more to utilize the full match

and have the land fully funded! This is one reason we believe God is behind this!

So with grateful hearts, we say THANK YOU! For your prayers, encouragement, and for funding so we can do what God has called us to do! We celebrate you!
